## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, line 7 of the claim "the zone" has been changed for "each zone".

In claim 16, line 3 of the claim "to perform" has been changed to "that performs".

### ***Allowable Subject Matter***

1. Claims 1, 8, 10, 12, 16, 18, 19, 22 and 24 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1, 8, 10, 12, 16, 18, 19, 22 and 24 are allowed as the prior art does not teach or fairly suggest the applicant's invention. The amended claim language and the applicant's remarks in response to the Office Action distinguish the application's invention over the references that accompanied the Office Action. The combination of elements as recited in the

Art Unit: 2627

above claims are not taught or fairly suggested alone or in any allowable combination by the prior art references of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
